## Recommendation for Elizabeth Gurney

I am writing in reference to Elizabeth Gurney who will be finishing a long term substitute position in German at Pennridge High School. I am very impressed with Elizabeth's work ethic and ability to work with students. She has been able to come into her first year of teaching and make an instant impact on both students and staff. She had very little time to prepare because we hired her after the school year began. Despite this lack of time she established herself as a teacher who demands that every student will learn in her classroom. She implements technology into her lessons, and works tirelessly to develop learning activities that engage students to think beyond the textbook.

Elizabeth worked with her students after school and communicated with parents in a very professional manner. She made herself aware of school procedures and worked hard to prepare the students in her classes to become more interested in learning. Elizabeth has the tools and desire to be an excellent teacher. I know she will continue to grow and mature because her love for teaching has been truly revealed in just these few months of being in the classroom. I would high recommend Elizabeth for a position in your school district.

If you have any questions, please do not hesitate to contact me at (215) 453-2744. Thank you.

Sincerely,

Thomas J. Creeden  
Principal
